

Other scooters in the 50cc range

Zoot 505 & 505S

→ 50cc

Built for bigger people, approved to carry 2

- ✓ 10" or 12" High Quality Alloy Rims
- ✓ Excellent Fuel Economy
- ✓ Low Maintenance Cost
- ✓ All On-Road Costs Included
- ✓ 24 Months Warranty*

Total Cost \$

For nearly 10 years now, Zoot have been classified by the Department of Transport and Regional Resources (DOTARS) Canberra, as a manufacturer. During this time we have supervised the production and quality control in excess of 3000 scooters ranging from 50cc to 250cc.

The 505 and 505S have been with us for many years and continue to evolve with greater cost savings and features in every new release. Moving away from time proven 4 stroke engines, Zoot have released it's new self-mixing 2 stroke engine technology to provide more power, efficiency and reliability.

Other features include large under seat storage, a choice of 10" or 12" alloy rims, plus a Japanese Mikuni carburettor and Yuasa battery as standard.
