- ✓ 12" Alloy Rims & Wide Tyres
- ✓ Self Mixing Powerful 2 Stroke Engine
- ✓ High Visibility Dashboard
- ✓ All On-Road Costs Included
- ✓ 24 Months Warranty*

Total Cost \$

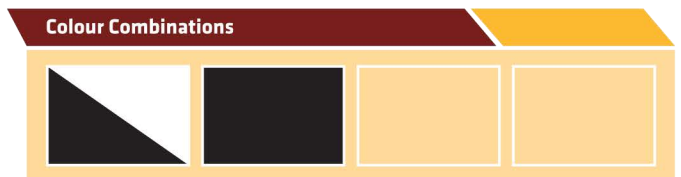

A very large and impressive 50cc scooter indeed! Originally designed as a 125cc scooter, this model was reworked with the latest 2 stroke engine technology after we had so many big people asking for a physically larger 50cc scooter.

With plenty of storage space and room to fit a full face helmet (if you add the carry box on the rear of the scooter), the new R550 series 2 has well and truly become one of our most popular models.

Other features include dual halogen front lights (both working high and low beam at the same time), an easy-to-see well laid out illuminated instrument panel, extra long wheel base, and disc brakes all round, plus a Japanese Mikuni carburettor and Yuasa battery as standard.
